

Land Surveyors' Association of Washington Foundation

2020 SCHOLARSHIP INSTRUCTIONS

Scholarships are awarded to qualifying students pursuing a career in Land Surveying who are enrolled in a Washington college program that offers Land Surveying classes or if you are enrolled in classes in the Geomatics program at the Oregon Institute of Technology. A desire to work in Washington State is preferred. The LSAW Foundation administers scholarships on behalf of individuals, families, and LSAW chapters in addition to scholarship awards supported by the LSAW Auxiliary and the Foundation:

- **John Thalaker Memorial Scholarship** – Open to all applicants, preference given to students who reside in or who are enrolled in a Surveying degree program in Island, San Juan, Skagit or Whatcom counties at the time of submittal.
- **John Thomas Memorial Scholarship** – Open to all applicants.
- **Mike Mickiewicz Memorial Scholarship** – Open to all applicants.
- **North Olympic Surveyors Memorial Scholarship** – Open to all applicants
- **LSAW Foundation Scholarship** – Open to all applicants

The Scholarship Committee will make selections based upon the information contained on the **COMPLETED** application and transcripts, as well as, the essay responses and recommendations. All of the information in your application will be considered.

INSTRUCTIONS FOR COMPLETING AN APPLICATION:

The application is to be completed by the applicant. Please type or print. Appearance and completeness of information provided will be considered. **Applications postmarked/transmitted after June 1 of the scholarship year or INCOMPLETE APPLICATIONS, WILL NOT BE CONSIDERED.** Applicants will be notified by mail on or around August 15. Scholarships will be awarded to recipients upon receipt by the LSAW Foundation of a copy of student's class registration AND social security number (required for IRS purposes).

SECTION 1 - APPLICATION FORM

Please include your name, date, telephone number, address (college and home), age, marital status, LSAW membership status, number of dependents, name of school, major, scholarship(s) for which you are applying and other pertinent data.

SECTION 2 - EDUCATION HISTORY

List schools, what year you attended and if you received any degree. **Include copies of transcripts from any school, college or university that you are attending or have attended.** Include an official list of classes in the surveying program curriculum of the college in which you are intending to enroll.

SECTION 3 - EMPLOYMENT HISTORY

List the names of current and past employers, their address, type of business, and the position you held. Be sure to include any experience you have had in surveying.

SECTION 4 - ESSAY RESPONSE

Tell us what you have done or are doing in regard to involvement in surveying activities, and, what you plan to do in the future, including, if you plan to practice or work in Washington State in the surveying field after you graduate. Describe any other factors that might affect your personal or financial situation. Please attach your response to the application form and please limit your response to one page.

SECTION 5 - RECOMMENDATIONS

Attach three Letters of Recommendation. These should be from instructors, LSAW sponsors and/or employers. Recommendations from friends and relatives will be disregarded.

Send **COMPLETE** applications to:

Tom Brewster, PLS, Scholarship Chairperson
Land Surveyors' Association of Washington Foundation
740 Cross Street
Bellingham, WA 98229
E-mail (preferred) tbrewster@wilsonengineering.com
